

Enjoy the confidence in knowing your hearing instruments are serviced by the world's largest, most complete hearing instrument repair service.

Your All Make Repair Professional:

Put your trust in the Leader.

visit us at www.starkey.com for complete hearing information.

The world's largest independent repair lab... ready to serve you.

Starkey All Make service technicians have the experience to provide you uncompromising service on any hearing instrument.

More importantly, each technician is really a specialist – selected and trained to fully understand the intricacies of one specific hearing instrument brand and model.

To prevent service delays, our technicians have the largest parts inventory in

the world available to them.

Starkey All Make repair service gladly welcomes even the oldest, most difficult service cases that other companies – including many original manufacturers – cannot or will not handle.

We are proud to offer the uncompromising, unequalled care and professionalism of Starkey All Make repair service. We are dedicated to a level of quality and service that will ensure your continued confidence.

Why choose Starkey for your All Make Repair needs?

FOR ALL THE RIGHT REASONS:

- ✓ Quality on Time program ensures highest level of quality.
- ✓ World class Just in Time (JIT) manufacturing efficiency provides 1 day turnaround on repairs.
- ✓ World's largest inventory of original manufacturer replacement parts.
- ✓ Our technicians are experts on all types of instruments from Digitals, Programmables, CIC, BTEs, Wireless CROS and FM systems.
- ✓ The most comprehensive Warranty Protection plans.
- ✓ Insurance for loss and damage available on all hearing aids.
