

# Disappearing in ears everywhere.

Aspect™ is a new listening enhancer for those who've waited for a more convenient and discreet way to hear well again.

"open" fit is the most comfortable and natural-sounding way to once again enjoy the full, rich world of amplified sounds.

It disappears securely inside your ear without the plugged-up feeling of traditional hearing aids. Besides its appearance, Aspect's

Call today for a no-obligation appointment to hear for yourself how Aspect can help make your hearing problems "disappear."
