

**Do you wear hearing aids and have a mobile phone?**

**“Finally, I can use my mobile phone again!”**

*“My children got me a mobile phone to stay in touch, but it wouldn’t work with my hearing aids. Now, with ELI, I just press a button and hear all the news!”*

NPAD9172-00-EE-ST

with Bluetooth wireless technology

The new ELI employs Bluetooth®, the world’s most popular wireless technology, to connect your

Actual Size

BTE hearing instruments to mobile phones and a wide variety of Bluetooth-compatible electronics.

Your hearing instruments reconnected you with the world of sound. Now ELI connects you and your digital BTEs to the 21st century! So if you’ve been waiting for technology to bring you digital sound without wires, wait no more. ELI is here.

(ELI on ear)

Axent is Starkey’s premier digital technology, with an exclusive set of features

unlike any other instrument. Its Wide Dynamic Range, Noise Management, Feedback Cancellation and Expansion capabilities make Axent an ideal solution for the most demanding hearing needs and environments.
