

# You cannot buy a better fitting EarSet!

## The First Bluetooth® EarSet Customized Just For You!

The SoundPort EarSet features a custom-fit earpiece, which is professionally molded and acoustically tuned to fit the exact contours of your outer ear.

Fully vented so that nearby sounds and conversations can be heard normally, the earpiece anchors SoundPort's sleek, digital electronics, creating an open, feather-light system that delivers the ultimate in freedom and safety while using your BlueTooth® compatible phone.
