Hearing Is Our Concern™

WHAT YOU SHOULD KNOW ABOUT TINNITUS

Do you or someone you know suffer from constant “ringing in the ears”?

Maybe it’s not ringing exactly. Some people describe it as hissing, buzzing, whistling, roaring and even chirping. Whatever noise it is, the real issue is something called tinnitus.

Tinnitus (“TIN-a-tus” or “Tin-EYE-tus”) is the medical term for the sensation of hearing sound in your ears or head when no external sound is present.

The important thing to know is that tinnitus is not a condition or a disease. Instead, it’s a symptom — typically of something bigger, like an ear infection, high blood pressure or, most common, hearing loss.

It's also important to know that everyone's tinnitus is different, which is why finding relief has been so elusive — **until now!**

➤ QUICK TINNITUS FACTS

- Some 50 million American adults suffer from tinnitus (1 in 5)
- Tinnitus is the number one disability for military veterans
- Tinnitus can occur at any age, and may begin suddenly or progress gradually
- The most common causes of tinnitus are:
 - Noise exposure (*e.g., from shooting or machines at work*)
 - Aging
 - Head injury
 - Side effects from medication

STARKEY TINNITUS TREATMENT SOLUTIONS

**Forever changing the way
people deal with tinnitus**

Starkey, a leader in hearing health technology, has engineered Tinnitus Treatment Solutions designed to forever change the way people deal with ringing in the ears.

These small, comfortable in-ear devices are designed to deliver all-day relief from tinnitus.

STARKEY — AMERICA'S PREMIER HEARING SOLUTION PROVIDER

When it comes to comfortable, great sounding and personalized solutions for their hearing needs, people everywhere ask for Starkey — the only American owned and operated manufacturer of advanced hearing solutions. At Starkey, Hearing is Our Concern.™

↘ How it works

Using Starkey's patent-pending Multiflex Tinnitus Technology, Starkey Tinnitus Treatment Solutions create a customizable and comforting sound stimulus that you and your hearing professional can fine-tune to soothe the unique, irritating sounds you hear. The result is personalized sound therapy designed to mask or cover up your tinnitus and take your focus off of it.

CUSTOMIZABLE TO YOUR UNIQUE TINNITUS

Starkey Tinnitus Treatment Solutions can be customized to your unique tinnitus.

Tinnitus affects every person differently. This includes how it sounds, how annoying it is, or how debilitating it can be.

Starkey Tinnitus Treatment Solutions tackle the subjective nature of tinnitus head on. No other technology enables such unprecedented personalization — to counterbalance your unique tinnitus.

Starkey SoundPoint

Control is key

Starkey Tinnitus Treatment Solutions use the precise measurements from your audiogram to create a relief stimulus customized specifically to you. From there, you and your hearing professional can fine-tune relief in two unique but important ways:

- 1 Your hearing professional can adjust sound frequency and modulation to better match your unique tinnitus.
- 2 Starkey's proprietary SoundPoint tool lets you easily pinpoint your preferred sound settings, so your hearing professional can program them at the final fitting stage.

.....
The result is personalized relief designed just for you!
